- **Soft Skills:** Problem Solving, Critical Thinking, Teamwork, Excellent communication, content team@IEEE

## PROJECTS

- Healta (Hackathon Project) | [LINK](#)**
- Developed a comprehensive mental health support platform using frontend. Designed to provide an all-in-one solution to various psychological conditions, the website offers a user-friendly interface and a range of features.
- Spotify Clone | [LINK](#)**
- Developed a Spotify clone using HTML5 and CSS to mimic the user interface and functionality of the popular music streaming platform.
  - Utilized CSS flexbox and grid layout techniques to create a visually appealing and flexible layout for displaying albums, playlists, and other content, similar to the original Spotify interface.
- Personal Portfolio Website**
- Developed a responsive personal portfolio website using HTML, CSS, and JavaScript, featuring a modern and interactive user interface with smooth scrolling, animated transitions, and project showcases.
  - Ensured accessibility, creating a professional, user-friendly web application that is functional across various devices.

## CERTIFICATES

- Advanced Cpp (IIT Bombay) | [CERTIFICATE](#) December 2023**
- Mastered fundamental C++ syntax, proficiently utilizing control flow, loops, functions, and data structures.
- Java(IIT Bombay) | [CERTIFICATE](#) | April 2024**
- Proficiently mastered core Java syntax, adeptly employing control structures, iteration, and methods to streamline program logic.
